

Birthday Package Informational Packet

Farm Party

This two-hour birthday party option is a favorite among our customers. Farm parties include pony rides, a small petting zoo as well as a hayride around the farm.

The party family may arrive up to 30 minutes before the scheduled start time of the party. Our covered patio features two rectangular tables for food/presents/etc. as well as 4 picnic style tables. The small petting zoo is adjacent to the covered patio and is designed for the children to enjoy as they wait for the party attendees to arrive. Hand-led pony rides are offered during this time and continue to be offered until about 45 minutes into the party. At that point, we usually load onto the hayride and go on a 20 to 30 minute ride around the farm to see our zebra, camel, cattle herd, llamas, alpacas, ducks on a pond, as well as many other farm friends. The last 30-45 minutes is set-aside for you to serve cake, presents, piñata, or whatever you would like. The small petting zoo is available for the duration of the party. Farm parties are booked both Saturday (10am-12pm; 2pm-4pm) or Sunday (2pm-4pm).

Pony Plus One

This one-hour birthday party option features one hand-led pony for pony rides at your location. This option includes 1-3 other small animals that could be lambs, goat kids, rabbits or ducklings/chicks. The selection of small animals that come to your party varies by season. We prefer a grassy area but can accommodate hard surfaces. The small animals that accompany the pony require an area that can accommodate an above ground 8x8 panel pen that we provide.

This option is \$175*

Small Petting Zoo

This one-hour birthday party option features 7-9 small animals in a petting zoo type setting. Animals that are used for the petting zoo vary by season but may include a selection of mini horses, mini donkeys, llamas, alpacas, tortoises, rabbits, lambs, goats, goat kids or ducks. Party attendees are welcome to feed the animals with our animal feed, which is included. Our petting zoo allows participants to feed from outside the pen only. We prefer a grassy area that can accommodate an 8x16 panel pen. We also request that our trailer can directly back up within 20 feet to the set-up area to ensure timely unloading/loading.

This option is \$250*
